

Hampers

DUTSONS

Below are selection of our hampers. We can always make them up to suit your requirements if there were specific items you wanted to put in. We can also organise local delivery within 3 miles of the shop for free and deliver ourselves to a maximum of 5 miles from the shop for £5. If you require delivery further afield then let us know and we can discuss the courier options that are available. Due to the weight and fragile/perishable nature of the products we generally find that the extra packaging and couriered delivery add about £20 to the price of a hamper.
